

# Teams Jackpot

This is a game within the game. Participating dogs will be randomly divided into teams to compete within the NADAC trial format. As dogs compete in runs on Saturday, the points accumulated by each dog are added to the team's score. This is 10 points for a Q or 5 points for "dirty" Q in regular. The teams with the most points at the end of the day will share in the prizes outlined below.

To play Teams Jackpot, just enter. No additional runs or effort are required. Just run well and rack up the points. Be sure to spend some time meeting your teammates and cheering each other to victory.

To enter, simply indicate on your entry form and pay \$5 per dog entered. If you want to enter multiple dogs, they will be guaranteed to be on different teams. We hope you meet new friends and enjoy the competition!

Payout schedule:

- 1<sup>st</sup> place: 50% of total entries
- 2<sup>nd</sup> place: 25% of total entries
- 3<sup>rd</sup> place: 15% of total entries
- 4<sup>th</sup> place: 10% of total entries

Team payout will be divided among the team members.

Team composition:

- Randomly selected by computer
- Depending on entries, the teams will be composed of at least one Elite, one Open and one Novice/Intro dog
- All teams will have the same number of members from each level
- Level for participation in the jackpot is determined by the entry level in the regular class

Good luck and have fun!
